

# Tap

At Dance Theme Academy, our Tap program is highly regarded and built on a strong foundation of the Al Gilbert syllabus. We are dedicated to providing a comprehensive tap education that encompasses exams, technique training, and captivating choreography.

Our tap program offers students the opportunity to refine their skills, enhance their rhythmic precision, and develop a deep understanding of tap dance as an art form. Following the esteemed Al Gilbert syllabus ensures that students receive a structured and progressive learning experience, building upon their knowledge and abilities with each level.

In addition to technique training, our tap program provides exciting opportunities for students to showcase their talent and hard work. They will have the chance to participate in competitions, where they can demonstrate their skills, artistry, and musicality to a wider audience. Our dedicated instructors will guide and support students throughout the competition process, helping them excel in their performances.

Whether students aspire to pursue tap professionally or simply enjoy it as a form of self-expression, our tap program at Dance Theme Academy is designed to nurture their passion and unlock their full potential. With a focus on technique, creativity, and performance, we provide a stimulating and supportive environment for tap dancers to thrive and excel.

Audition: Not Required, dancers will be assessed and placed accordingly.
