

Competition Program

The Competition program is designed to cater to children who have a strong passion for dance and are seeking additional weekly training and performance experiences. Participants in this program will have the opportunity to showcase their skills in the year-end recital and take part in two or three festivals or competitions throughout the year.

To be eligible for the competitive jazz class, students must be enrolled in at least one ballet class during the current season. Similarly, those interested in joining the competitive lyrical/contemporary class must be actively participating in both jazz and ballet. This ensures a well-rounded foundation and enhances their abilities in these dance styles.
