

Star Leadership Program

Welcome to Dance Theme Academy's STAR Leadership Program! This program is specially designed for dancers aged 10 years and older who are eager to become teacher's assistants in class while also receiving guidance on leadership skills.

As a STAR Leader member, you will have the opportunity to learn and develop the tools needed to become a positive leader in your community. At Dance Theme Academy, we believe in nurturing leadership qualities in our students, and the STAR Leadership Program offers a platform for you to grow as a role model and make a positive impact.

As a STAR leader, here are some tasks you may undertake:

- Help teachers with attendance, demonstrating steps, and ensuring proper spacing of students.
- Greet parents and students cheerfully before and after class, making them feel welcome.
- Assist in distributing notes, stickers, or other materials as needed.
- Maintain cleanliness by tidying up the dance studio and surrounding areas.
- Senior STAR Leader members may have the opportunity to lead warm-ups after a few months and teach specific combinations at the barre and across the floor. Lesson plans must be created for these situations.
- Escort early childhood students to the washroom, ensuring their safety and well-being.

Join the Dance Theme Academy STAR Leadership Program and embark on a journey of personal growth, mentorship, and making a difference through positive leadership. Develop valuable skills that extend beyond the dance studio and shape your future as an exceptional leader.
